The health kiosks in India:

Scaling of social entrepreneurship ventures in rural India

June 10, 2011, 9:45 - 13:00

Venue: Hanken School of Economics, Festsalen, Arkadiankatu 22 (first floor)

Indian Health kiosk is a Research and venture co-creation effort initiated by professor Dhrubes Biswas at IIT Kharagpur and executed in co-operation with Global Venture Lab Universities and stakeholders.

This event will help you

- to learn new modes of entry to Indian market
- to become part of a rapidly growing business ecosystem
- to facilitate the understanding of the needs at the Bottom of the Pyramid
- to get guidelines on creating entrepreneurial solutions in India
- to participate in improving the health in Rural India.
